

# LEAVE A *local* LEGACY

A small amount can make a big difference

Whether this is your home – or home away from home – Brevard County has been part of your life... and memories.

Consider the community as one of your heirs. Leave something behind for its future.

Start a legacy fund with the Community Foundation for Brevard as part of your estate planning to support the local causes you care about.

*for Good. for Brevard. forever.*

## LIVING EXAMPLES

*Brevard County has been a place of great opportunity.*

### THE WILKINSON FAMILY FUND

"Kim and I moved to here in the mid-80s, started a business and our family. Brevard County's climate to raise a strong family and build a successful business illustrates that Brevard County has been a place of great opportunity. Our children have returned to Brevard to join the family business. As I think of the future here for my children and grandchildren, part of the legacy we can help leave is a community that continues to offer opportunity. We want them to experience all that we have enjoyed through the years – rich cultural and recreational amenities, high quality educational options, and a good business climate. We established a legacy fund with the Community Foundation – now a family endowment fund, to benefit causes we care about and related to our company's community development mission. It is rewarding to share with family a culture of community philanthropy and to know that the legacy that we will build together, will last forever."

*– Myles Wilkinson, President and Founder, Corporate Property Group, Inc.*
